P R E F A C E

As part of the Ministry of Finance (MOF) strategy towards adhering to fiscal transparency and comprehensiveness in publishing fiscal data in accordance with international standards, MOF has upgraded the Government Finance Bulletin in line with the Government Finance Statistics Manual (GFSM 2014), and after fulfilling the requirements of the IMF Special Data Dissemination Standards (SDDS). Jordan succeeded in subscribing to the SDDS starting from 2010.

The Bulletin aims at fostering competence in fiscal statistics in Jordan and meeting the recommendations of the "Report on Standards and Codes (ROSC)", which provides a review and assessment of Jordan's data dissemination practices against IMF's GDDS and SDDS. Starting January 2008 a new methodology of data dissemination, in accordance with the new chart of accounts, was adopted.

Promoting the principle of transparency and disclosure, and in order to provide comprehensive and reliable information and to provide an opportunity for decision-makers and users of statistical data, the Ministry of Finance decided to provide further data development within the Government Finance Bulletin. At the beginning of 2021, detailed tables were added to the financial data and the government's general debt, according to the Government Finance Statistics Guide. This development aims to provide a reference basis for users of the general government financial statistics for the year 2014 (GFS2014) on an annual and quarterly basis.

The method of presenting this bulletin is based on dividing it into twelve parts: the first part deals with the methodology and statistical concepts, while the

second part deals with general government financial statistics, the third part deals with general government debt statistics, and the fourth part deals with central government financial statistics, while the fifth part monitors the financial statistics of the central government / government units, while it deals with

The sixth part deals with the financial statistics of the local government, the seventh part deals with the financial statistics of the Social Security corporation and the Social Security Investment Fund, and in the eighth part the central government financial statistics/budget, while the ninth part deals with public debt statistics, and the tenth part deals with the statistics of the combined deficit of the central government (budget and government units) , the eleventh part deals with the financial data for each the National Electricity Company and the Water Authority, And the twelfth part is the financial data of the ministries and government departments included in the general budget law in accordance with international accounting standards in the public sector.

The bulletin presents a table of the most important economic indicators for the past four years, in addition to the latest available data from the current year for the various economic sectors in a manner that facilitates the researcher to analyze and track the behavior of these indicators. The bulletin also includes a number of illustrative charts and reminders.

Methodology and Statistical Concepts

This bulletin includes the monthly data of government finance statistics that are in line with the International Manual of Public Finance Statistics 2014, issued by the International Monetary Fund. The following is an explanation of the most prominent concepts, methodology and terminology included in the bulletin:

A: Concepts

General Government: It is the governmental units that implement general economic policies by providing primarily non-profit services and working to redistribute income and wealth (Government Finance Statistics Guide 2014), which includes:

1. The central government within the budget law: It includes ministries and government departments that work within the central authority in the state, in which the data appears within the general budget law.

2. Governmental units that perform the functions of the central government: These include the units included in the budget law of government units that perform major non-profit economic functions for the government, namely:

- Constitutional Court
- Independent Election Commission
- health insurance fund

3. Local government: represents all municipalities in the Kingdom, including the Greater Amman Municipality and the following local councils: Petra Regional Authority, Aqaba Economic Zone Authority

4. Social Security Funds: These include the Social Security Corporation and the Social Security Investment Fund.

B: Definitions

Domestic Revenues: All taxes, fees, royalties, profits, surpluses, aids and any other money received by any department.

Tax revenue: It represents all types of revenue collected from taxes for the benefit of the general government, including income tax, sales tax, real estate sales tax, and customs duties.

Pension contribution: are the revenues receivable for social security programs in order to monitor the allocations for payable social security benefits. This item excludes contributions receivable under the work-related retirement system and other retirement systems that create a commitment to payable future benefits.

Other revenues: All revenues receivable except for taxes, social contributions and grants, and it includes revenues from property income, sales of goods and services, and various other types of revenues.

Expenditures: All amounts allocated to meet the obligations under the applicable legislation.

Current Expenditures: Annual recurring government expenditures that aim to enable the government apparatus to perform the tasks entrusted to it, including:

Compensation of employees: The sum of cash bonuses payable to a government employee for work performed during the particular accounting period.

Subsidies: unrequited current payments provided by government units to projects on the basis of the levels of their production activities or on the basis of quantities or values of goods or services that they produce, sell, export or import.

Grants: Non-compulsory current or capital transfers from one government unit to another government unit or to international organizations.

Social benefits: cash transfers to protect the whole community or certain categories of social risks that may adversely affect families by either reducing their income or placing additional burdens.

Capital Expenditures: Government expenditures that lead to an increase in capital formation, and include expenditures on infrastructure projects, their maintenance and maintenance, the purchase of equipment, machinery, and equipment, and other expenditures of a capital nature.

General government primary deficit/surplus: General government domestic revenue minus total general government spending (excluding interest payments).

General Government Current Deficit/surplus: General Government Domestic Revenues minus General Government Current Expenditures.

Central government primary deficit/surplus: central government domestic revenue minus total central government spending (excluding interest payments).

Current Central Government Primary Deficit/Surplus: The local government revenue minus the central government's current expenditure.

General Government Debt: It represents the outstanding balance of central government debt, local government debt and social security debt.

Central government debt: It represents the outstanding balance of internal and external debts (within the budget and independent institutions).

Net domestic debt: represents the total domestic debt minus deposits with the banking system.

Combined deficit: It represents the summary of the deficit of ministries, institutions and departments within the budget law, and all units and bodies within the budget of independent units.

2024

Domestic revenues reached during the first nine months of 2024 to JD 6689.1 million, an increase of JD 105.9 million compared to the same period of the last year, to reach its coverage of current expenditures 90%.

Summary of Fiscal Developments During the first nine months of 2024

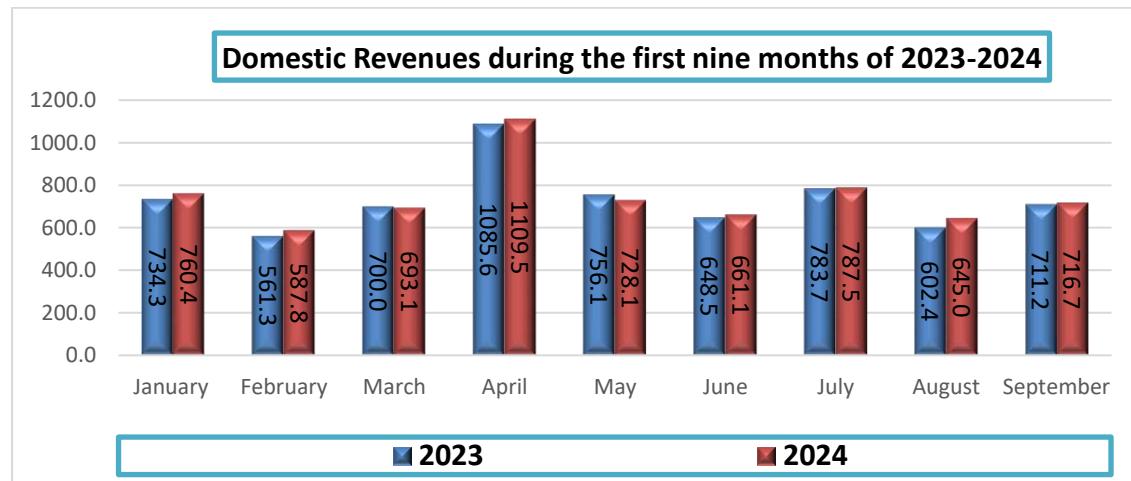

First: Domestic Revenues and Grants

Domestic revenues during the first nine months of 2024 amounted to JD 6689.1 million, compared to JD 6583.2 million during the same period of 2023, i.e. a rise of JD 105.9 million. The increase in domestic revenues was a result to an increase in tax revenues by JD 12.2 million, and an increase in non-tax revenues by JD 93.7 million.

The increase in tax revenues came mainly as an outcome of the increase in tax revenue on the general tax on "goods and services" by JD 30.7 million or 1%, and a decrease in the general tax on "income and profits" by JD 35 million or 2.2%, and an increase on "financial transactions (real estate sales tax)" by JD 2.3 million or 3%, and an increase on "taxes on international trade and transactions" by JD 14.1 million or 7.9%.

The increase in non-tax revenues came mainly as an outcome of an increase in "property tax revenues" by JD 125.2 million, and an increase in "revenues from selling goods and services" by JD 3.1 million, and a decrease in "miscellaneous revenues" by JD 33.9 million.

Foreign grants during the first nine months of 2024 amounted to JD 81.8 million, compared to JD 38.7 million during the same period of 2023, representing an increase of JD 43.1 million or 111.5% compared to the same period of the last year.

Accordingly, the total revenues and grants for the central government / budget during the first nine months of 2024 amounted to JD 6770.9 million compared to JD 6621.9 million during the same period of the last year, with the increase by JD 149 million or 2.3%.

*Domestic revenues include refunds and clearing data amounting to JD 36 million for the first nine months of 2024.
Note: deficit on net basis

Second: Total Expenditures

Total expenditures for the central government / budget amounted to JD 8154.1 million during the first nine months of 2024 compared to JD 7947.1 million during the same period of the last year, reflecting an increase by JD 207 million or 2.6%, this increase in total expenditures was an outcome of an increase in current expenditures by JD 291.8 million or 4.1%, and a decrease in capital expenditures by JD 84.8 million or 10.5%.

Third: Overall Deficit/ Surplus

The previous developments resulted a budget deficit during the first nine months of 2024, after grants for the central government / budget amounted to JD 1419.1 million compared to a deficit of JD 1390.2 million during the same period of the last year, while the deficit before external grants amounted to JD 1501 million during the first nine months of 2024 compared to a deficit of JD 1428.9 million during the same period of the last year.

Fourth: External and Domestic Debt

Total Debt

The outstanding government debt excluding the debt holding by Social Security Investment Fund (SSIF) at the end of September 2024 amounted to JD 34,016 million or 90.8% of the estimated GDP of September 2024 compared to JD 32,289.3 million or 89.2% of GDP at the end of 2023, This includes National Electric Power Company (NEPCO) and Water Authority of Jordan (WAJ) debt amounting to JD 8.4 billion.

External Debt

Outstanding of external debt (government and government-guaranteed) excluding the debt holding by Social Security Investment Fund (SSIF) at the end of September 2024 amounted to JD 19,191.7 million, or 51.2% of the estimated GDP of September 2024, compared to JD 18,207.9 million at the end of 2023 or 50.3% of the 2023 GDP.

Meanwhile, during September of 2024, the external debt service/ interest (government and government-guaranteed) amounted to JD 8.9 million, while payments of external installments amounted to approximately JD 108.5 million.

Domestic Debt

*Domestic revenues include refunds and clearing data amounting to JD 36 million for the first nine months of 2024.
Note: deficit on net basis

Consolidated Budget Deficit for 2023

In order to achieve higher transparency and disclosure levels in the government financial data, especially that the annual published final accounts for the government reflects the financial data of both the central government and the government Own Budget Units separately, but not holistically, the consolidated financial data for both the central government and the Own Budget Units has been prepared. They show the following:

The consolidated budget deficit for the central government and government Own Budget Units in 2023 reached JD 2400.4 million compared to JD 1856.1 million within the same period of 2022. This deficit represents a summary of the deficit for the Central Government and OBUs for 2022-2023:

- A- Central Government deficit (ministries, Government units within the General Budget Law) which reached about JD 1860.3 million during 2023 compared to 1552.5 million in 2022.
- B- The government Own Budget Units deficit has reached JD 539.6 million during 2023 compared to JD 226.6 million in 2022.

Noting that in order to statistically calculate the consolidated 2023 deficit for the central government and the OBUs, the overlapping financial transactions have been excluded in both the revenues and the expenditures according to the international public accounting standards in processing financial data.

1. Central Government

2. Government Own Budget units:

Note: The Royal Decree was issued with the approval of the General Budget Law for the fiscal year 2019, as Article (18) of it stipulates that the budgets, be transferred from the Government Units Budgets Law to the General Budget Law, and their budgets are organized according to its provisions

Total consolidated revenues and grants:

The total collected domestic revenues and grants for the central government and government units in 2023 amounted to JD 9870.7 million compared to JD 9894.8 million in 2022, with a decrease of JD 24.1 million as follows:

The total domestic revenues and foreign grants to the central government in 2023 amounted to JD 9231.7 million compared to JD 8914.1 million at the end of 2022, with an increase of JD 317.6 million or 3.6%.

The total domestic revenues and foreign grants for government own budget units in 2023 reached JD 712.2 million compared to JD 1083.4 million at the end of 2022, with a decrease of JD 371.2 million or 34.3%.

Total Consolidated Expenditures:

Total consolidated expenditures in 2023 amounted to JD 12183.1 million compared to JD 11750.9 million at the end of 2022.

The total expenditures of the Central Government in 2023 amounted to JD 11004 million compared to 10466.6 million in 2022, with an increase of JD 537.4 million or 5.1%.

The total expenditures of the Government Own Budget units in 2023 amounted to JD 1251.8 million compared to JD 1310 million in 2022, with a decrease of JD 58.2 million or 4.4%.

Note:

The final account for the Central Government and the government own budget units that is published on MOF website displays details of revenues and expenditures and deficit in these areas.
